

ONE HUNDRED FIGHTING SHIPS

Rescue Boats for the Army Air Forces
(PTs) Motor Torpedo Boats for the Navy
APc Coastal Transports for the Navy
AMc Minesweepers for the Navy
YMS Minesweepers for the Navy

A TRIBUTE TO OUR CRAFTSMEN FOR A JOB WELL DONE!

MOTOR TORPEDO BOATS (PTS), Aircraft Rescue Boats, Minesweepers and Coastal Transports ... 100 Fighting Ships, built here in Bristol during the last four years ... a record of which all may be justly proud.

No shipyard, large or small, here or abroad, can point to a finer record of uninterrupted production ... production unhampered by petty grievances or disputes... an outstanding accomplishment in harmonious team-work by Herreshoff craftsmen and management... and a real contribution to the winning of the War.

Because of our four-year Safety Record, Herreshoff has been awarded a Gold Cup and Certificate by the Insurance Underwriters ... this record is the envy of the industry the country over ... here again, Herreshoff craftsmen have speeded up the War Program.

Believing that Herreshoff craftsmanship in all its 80 years has never served a finer purpose, we wish to pay tribute to our craftsmen for a job well done ... in "shipshape and Bristol fashion."

We salute, therefore, each of these 2,000 Herreshoff craftsmen whose individual effort and harmonious teamwork have helped to build a part of the World's greatest Army and Navy.

R. F. HAFFENREFFER, President
R. F. HAFFENREFFER, III, Treas.
C. W. HAFFENREFFER, V. P. & Gen. Mgr.
